

ImGui::SetCurrentViewport

```
graph LR; A[ImGui::SetCurrentViewport] --> B[void]
```

A diagram illustrating the return type of the ImGui::SetCurrentViewport function. It consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'ImGui::SetCurrentViewport'. A blue arrow points from the right side of this box to a white box with a black border on the right, which contains the text 'void'.
